Apply for the Volunteer EMT Scholarship Program!

Attention. Attention. One minute to Charlie. The betting book is now closed. - PA System

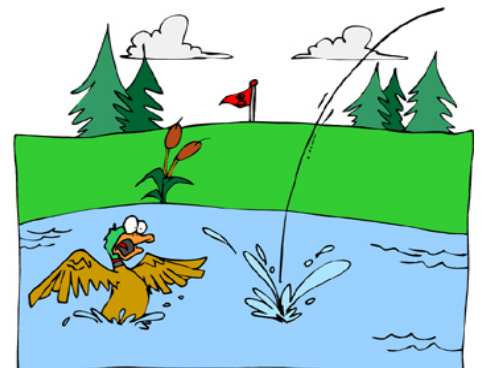

EMS Region III, through the New Mexico Trauma System Fund, has been awarded funds for a Volunteer EMT Scholarship Program. The program aims to reward current NM volunteer EMT personnel for their fine service in protecting our communities. The program is intended to support and extend EMS training beyond a community or service's normal capacity; enabling rural services and volunteer EMTs in NM to access training opportunities that are offered at the EMS Region III Conference, and which a training budget would normally not support. **Approved scholarships will be for \$200** and are available statewide for those who fit the eligibility criteria (Volunteer EMT in New Mexico) and who are interested in attending an EMS Conference known for providing quality and excellent education. Upon receipt of application, you will be notified immediately of approval or denial. Applications may be faxed to (575) 769-3485. Click here for a Volunteer EMT Scholarship Application, or call (575) 769-2639.
