

October 28, 2009

Greetings Stakeholders in the New Mexico Trauma System:

The Trauma System Fund Authority (TSFA) has historically set aside funds in conjunction with the Department of Health's Strategic Plan and in accordance with NMAC 7.27.9.15 Trauma System Development Program. It is anticipated that the TSFA will continue to fund trauma system development.

You will find on the NMEMS website, the Trauma System Fund Application for trauma system development for FY11.

If you choose to apply for funding, applications must be postmarked no later than January 15, 2010. Incomplete applications and those missing pertinent documentation will not be accepted for consideration. Letters of collaboration sent separately will not be accepted.

The timeline for application review is as follows:

January 15, 2010 All applications due to DOH/EMS Bureau Trauma System Manager
March 1, 2010 Regional Directors will receive applications to review and score
April 19-22, 2010 TASSC Executive committee to meet to receive recommendations from regional offices and to prepare recommendations for TSFA.
June 2010 TASSC and TSFA to meet and review recommendations for final approval

If you have any questions please do not hesitate to contact me or your regional office.

Sincerely,

Liana Lujan, RN
Trauma System Manager
DOH/ERD/EMS Bureau Trauma Program
